

Topic	Question	Circle the right one, Cross out the Impossible one		
Example	Layer in the Earth's crust with highest average temperature	Outer core	Inner core	Mantelpiece
1 Fish	Inedible fish	Salmon	Boxfish	Groupon
2 Elements	Metallic element that is a liquid at 100 degC	Bromine	Indium	Sodium
3 Discoveries	Element named after a famous scientist	Gadolinium	Opprobrium	Promethium
4 Compounds	Organic compound with the lowest molecular weight	Calcium carbonate	Benzene	Sugar
5 Colours	Which colour has the shortest wavelength?	Violet	Green	Ultramarine
6 Imperial Units	Smallest imperial weight	Ton	Quart	Hundredweight
7 Trees	Which is a native UK tree?	Silver Birch	Golden Oak	Platinum Blonde
8 Insects	Most useful garden insects	Aphid	Ground beetle	Woodlouse
9 Flying things	Largest aircraft wingspan ever to fly	Flying Fox	Stratolaunch	Spruce Goose

	Topic	Question	Circle the right one, Cross out the Impossible one		
10	Mammals	Largest mammal	Whale shark	Blue whale	African bush elephant
11	Teeth	Animal with the most teeth	Giant armadillo	Spinner dolphin	Tooth fairy
12	Poisons	Most deadly plant	Deadly dapperling	Deadly nightshade	Tobacco
13	Solar system	Largest moon	Callisto	Runnymede	Titan
14	Processes	Most recent chemical process	Haber	Bessemer	Brexit
15	Theories	Most important scientific theory	Heliocentrism	Plant tectonics	Evolution by natural selection
16	Weather	Highest cloud formation	Altostratus	Cirrus	Tumulus
17	Famous scientists	Which Physics Nobel laureate discovered the electron?	Peter Higgs	Robert Robinson	J.J. Thomson
18	Computer storage	Common type of computer storage	Floppy disc	Hard disc	Slipped disc
