

CORONOVIRUS BLUES

Went down the village to see Aunty Prue, thought
She's a nurse so she'll know what to do
She looked at my shopping list and gave a little sigh
She said what you've missed is Domestos super size
(kills 99% of all known germs you know)

No one else to blame but just myself
Too late, there's not a thing upon the shelf
But at the bottom at the back, completely out of sight
A lovely blue bottle of Domestos super size
(kills 99% of all known germs you know)

I didn't know if it was wrong or right
Just started bleaching everything in sight
But when I bleached the man in the supermarket line
He grabbed and ran off with my Domestos super size
(kills 99% of all known germs you know)

I shouted "thief" and he was stopped
But my Domestos bottle he then dropped
It split into two, that's the story of my life
I ended up cleaning Tesco's floors with my Domestos super size
(Do you think I am immune now??)

Jean Hurst
